MAXUS

From Maxus to the World

Maxus, a global leader in commercial vehicles with nearly a century of expertise, is known for its innovation and quality. Acquired by SAIC in 2009, the brand expanded into China. SAIC, China's largest automaker, achieved 1.01 million overseas sales in 2022. It continues to grow globally with Maxus, aiming to innovate and break traditions by offering a series of user-centric, competitive vehicles that create value for customers.

Heritage of over

120

years

1869

Legendary Origins

The first model, British LDV, was produced and **formed the foundation of the Maxus V80.**

1917

A Royal Honour

Leyland models joined the Royal Motorcade for **The House of Windsor.**

1981
Freight Rover

1974
Sherpa, Leyland

1987

Allied for Success

Leyland DAF was formed after Rover Group Commercial merged with DAF Trucks Group.

1993
LDV Limited

2004

New Beginnings

LDV launched a new commercial vehicle, **Maxus.**

2004
LDV Maxus

2009

Maxus eDeliver 5

eDeliver 5

An electric commercial van that delivers far beyond expectations, it combines an exceptional range, spacious capacity, and an aerodynamic design that elevates it above its class.

MAXIMISED CARGO SPACE

Built on the new EV platform, MILA (Modular, Intelligent, Light-weight, Architecture), offering a maximised cargo space of 6.6m³ for more efficient trips.

SEAMLESS ENTRY

The keyless entry feature streamlines the delivery process, giving drivers quick and easy access to the van.

360° SURROUND VIEW

Equipped with a 12-point safety system that includes a category-first 360° surround-view camera, to enhance driver caution and safety on the road.

WIDER RANGE

Delivers an impressive 489km WLTP city range, enabling longer routes and reducing the need for frequent charging.

eDeliver 7

A premium electric commercial van designed with ample cargo space and a spacious cabin for exceptional comfort on the road.

BIGGER, SAFER, FASTER

Features a 5.9m³ cargo volume, 1,500kg payload, and larger doors for safer and faster loading.

SPACIOUS CABIN FOR THREE

Three-seat configuration with a 10-way adjustable driver's seat, armrest, column-shift gear lever, and electronic parking brake with autohold, providing ample legroom for enhanced comfort.

INTERACTIVE INFOTAINMENT SYSTEM

12.3" touchscreen that streamlines driver access to navigation, entertainment, and diagnostics, enhancing safety and efficiency.

ADVANCED SAFETY FEATURES

Includes Speed Limit Sign Identification and Driver Monitoring System, enhancing safety on the road.

eDeliver 9

The largest electric commercial vehicle in Singapore, offering 9.7m³ of cargo space. Highly customisable to suit various business needs, including conversion into a mobile office.

BIGGER, SAFER, FASTER

Features a 9.7m³ cargo capacity with larger side and rear doors, designed for safer and more efficient loading and unloading.

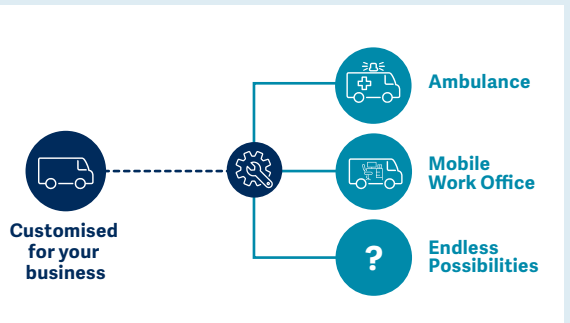

SPACIOUS CABIN FOR THREE

Organised interior with a wide-field view, keeping the driver aware of surroundings.

ADVANCED SAFETY FEATURES

Equipped with Blind Spot Detection (BSD) and Lane Change Assist, providing warnings for hazardous lane changes and rapidly approaching vehicles.

FLEXIBLE SPACE

Tailored by Cycle & Carriage to meet your unique business needs, whether for a spacious cargo van or a mobile workstation, creating the ideal vehicle for your operations.

T90 EV

The first fully-electric pickup in Singapore. Built to combine strength and practicality with efficiency and cutting-edge technology.

WIDER RANGE

482km WLTP city range, getting you where you need to go, while charging from 0-80% (DC) in just 45 minutes.

VERSATILE CARGO SPACE

A spacious cargo box with a payload capacity of 1 ton, elevating your vehicle into a rugged yet versatile pickup truck suitable for any task.

COMFORT AND CONNECTIVITY

A modern interior equipped with a 10.25" touchscreen, electric seats, and smartphone connectivity for comfortable and seamless driving experience.

SPACIOUS INTERIOR

Well-designed double-cap configuration, providing ample space for five occupants and storage.
